Subject Bad River Invite - Response needed

All:

Bad River Band has requested that we attend a meeting on the Reservation (date yet to be determined) to present them with their recently approved TAS for the Water Quality Standards Program and to discuss next steps with the council and community. (I guess Air Division presented them with an award or plaque or something after they got TAS for an air program). They thought perhaps Bharat and WD, but if this does happen, I would think more Tinka, Kathy Mayo, Barbara Wester, Steve Dodge, and myself.

Please let me know if you think something like this can occur in the next 2-4 weeks and who would be appropriate to go. Do you think the RA should go?. I know RTOC is at the end of July, so we would have to work around that.

thanks  
Dan
